SURPLUS LIST No. 1

FRESNO, CAL., January 22, 1907.

In order to meet with the constant demand for a list of stock, which we have on hand over and above orders, and finding it impossible to give this information by letter, we shall issue surplus lists from time to time during the season, with a view of keeping in touch with the many inquiries which are coming in daily for this information. It is out of the question for us to give a complete list of everything we have to offer. This list however, comprises such stock as we have heeled in our packing grounds ready for immediate shipment.

In addition to this list, we have a very fine lot of all the leading varieties of Olives, Oranges, Walnuts, Chestnuts, Figs, Deciduous and Evergreen Ornamental Trees, as well as Palms and Shrubs. We have a magnificent stock of CALIMYRNA FIGS, which we are offering this year at prices lower than ever before.

Trusting this list will meet with the approval of our customers and assuring them that orders will be filled for any of the stock listed, as long as the stock holds out, we beg to remain,

Yours to please,
FANCHER CREEK NURSERIES,
 GEO. C. ROEDING, Pres. and Mgr.
 Fresno, California.
